My personal portfolio has been running for six years and some of the services available include website design, website development, website maintenance and print design.

- Maintaining the website to keep it online and up-to-date.
 - Marketing to attract clients.
 - Engaging with potential and current clients.
 - Meeting client requirements to ensure the client is satisfied with the service.
-

June - September 2015

Bareface Media (*Internship*)

Birmingham

A Junior Website Developer internship at a leading marketing agency in Birmingham. Working within an agency environment with the team to work with a variety of clients on real projects. My responsibilities included:

- Worked as part of a team to develop a broad range of websites.
- Worked individually to develop a website for a client assigned to myself.
- Attended public events to represent the agency.
- Attended agency training days.
- Assisting [potential] clients on the office phone.

2011-2013

MattsMission Children's Charity (*Voluntary*)

Birmingham

A local charity for children with illnesses and disabilities which provides presents and trips to help raise a smile. This voluntary work was done in my free time to gain experience, gain skills, face new challenges and to help those who are in need.

- Help promote fundraising events by creating posters, leaflets and business cards.
- Design, develop and maintain the charities website.
- Attend events such as bag packing and collections with the rest of the team.
- Engage with the customers passing by and encourage donations.
